Please use the space below to provide any additional information:

I am a dual Irish-British Citizen who disclosed extensive domestic violence to the Disability Allowance Office in July 2005. The invisible disability of CPTSD is not imaginary - it precludes me of informing you in advance of when I need to travel within the Common Travel Area for trauma and neuro-peptide care. I advised of my change of address and was not even attemptedly contacted prior to the sudden stopping of my disability allowance breaching my right to receive trauma-informed care in the Common Travel Area while escaping domestic violence. As advised to me on the phone my allowance will be reinstated upon my return to Ireland.

Due to proven symptoms of CPTSD debilitating me (e.g. taking 6 years to submit an assignment after I have wept and struggled retraumatizing myself filling out performing my grandfather's palliative care) my allowance must be backpaid to 01/04/2006 as per The Social Welfare Consolidation Act 2005, section 241(3).

I will be contacting the Minister for Social Protection re your department's breach of S.I. 112 of 2004, S.I. 746 of 2000 and the Equal Status Act. Ignoring my CPTSD and rights as a dual-citizen

Please note that the department's doctor may be asked to provide us with an opinion to say if you satisfy the medical eligibility for Disability Allowance based on the information you and your doctor give about your medical condition.

A deciding officer may have regard to this opinion in deciding if you satisfy the medical eligibility for Disability Allowance. It is therefore important that you fully complete all parts of this form and provide full details of your medical condition and how it affects your everyday life and ability to work. This is to ensure that we consider all relevant matters at the earliest opportunity. A failure to do so could result in a decision on your application being significantly delayed.

In addition to your doctor completing Part 11b, you should request them to enclose copies of any recent reports from specialists such as consultants, psychiatrists, psychologists, physiotherapists and counsellors. Your doctor should also enclose any test results or other information that they think is relevant. This will ensure we have a full picture of your medical condition when we make a decision on your claim.

This type of agent is appointed to ensure that your payment is used for your benefit and that any changes in your circumstances that may affect your payment are reported to the Department. For example, changes in your household composition or income. A formal application must be made on your behalf and this must be certified by your doctor. You may get an authority to appoint an agent application form (AGENT) from your local Intreo Centre or www.gov.ie/appointagent
